### Private Catered Events

Weekapaug Golf Club prides itself on world class cuisine, professional service to compliment our newly renovated clubhouse, and spectacular views of a world ranked golf course and picturesque Winnapaug Pond.

Our membership values the casual dining experience that our professional staff provides, because of this enthusiastic support, we limit private events to once a month during the season as the dining facility must be shut down to our members on those days.

Membership is offered the opportunity to book and event for up to 150 persons for the following calendar year, through October 31<sup>st</sup> for each calendar year. At that point we open up the opportunity to non-members who can have a members sponsor them to host their catered event the following calendar year.

If you have a special event coming up in 2024, or if you know of a non-member who is looking for a venue for their catered event, then please consider Weekapaug Golf Club. We are here to plan and execute your event with full access to our clubhouse facilities including: a beautiful covered patio with firepit features, newly renovated deck, entry way with double sided fireplace, formal dining room, casual pub and full-service bar. Our Clubhouse Manager Rob Minger will be your personal event coordinator-working with you to understand your vision, plan and execute every detail, and provide you and your guest the ultimate hospitality experience. It is sure to be an event to remember!

### Private Dining Room

Our membership also has the opportunity to book our Private Dining Room, that can accommodate an intimate party for up to 40 persons, on nights that we offer regular dinner service.

The P.D.R. provides members with a private room that can accommodate a sit-down pre-fix dinner on a large rectangular table for up to 24 persons, or on three round tables for up to 30 persons. We also can offer a casual cocktail party with stations, and passed hors d' oeuvres for up to 40 persons.

In addition to the Private Dining Room, members also have private access to the west end of the deck, with a privacy screen from general dining. The deck can be used for a cocktail hour for sit-down events or as an extension for cocktail parties.
